

The government is continuing to provide additional funding to improve the provision of Physical Education and sport in primary schools. This funding is provided jointly by the Department for Education (DfE), Health & Culture, and Media & Sport.

Southwark Primary school received £10,500 for the academic year 2015 – 2016 which was ring-fenced and therefore could only be spent on improving and developing the PE and Sport provision at Southwark.

Guidance from the DfE states that the purpose of the premium is to *“fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils to encourage the development of healthy, active lifestyles.”*

This impact report measures the success of the PE Premium spending for year 2015 – 2016 at Southwark Primary School. The objectives have been colour-coded Red/Amber/Green according to the level of success.

Priority 1	How the funding was spent?	Cost	Impact of Spending
Promote health & wellbeing through increased participation in sport by facilitating a range of extra-curricular sports offered across the school.	Funding the purchase of high quality equipment including: basketball nets, football goals, netball goals, multi-skills equipment, kwik-cricket equipment, health mentor equipment, cross country tape/stakes, bibs/bib bags, dance club kits.	£2,300	Improving the quality of existing equipment enabled extra-curricular clubs to be provided in a safe environment using age-appropriate, long lasting equipment. New equipment including multi-skills equipment, kwik-cricket equipment, cross country running tape/stakes and dance kit enabled broader range of engaging extra-curricular activities to be undertaken by pupils. These clubs attracted a wide number of interest and were extremely well attended (see participation table).
	Medals purchased for Year 2 & 3 multi-skills clubs across the whole year.	£120	The medals were extremely popular with all pupils attending the clubs and were used to inspire pupils, motivating them to continue participating with the overall intention of increasing activity levels and increasing self-confidence and wellbeing. Parents/carers were extremely happy with the quality of rewards.
	Athletics awards / trophies for Year 4, 5, and 6 pupils.	£50	Awards celebrated pupil’s achievements attending extra-curricular athletics clubs. The awards evening was extremely well attended and developed SMSC aspects of pupil development including self-esteem and teamwork.
	Water bottles provided for all pupils from Y1 – Y6.	£500	Pupils were able to take their own water bottles to clubs to keep hydrated. These could also be used within school lessons to maximised engagement levels. Feedback from parents/pupils was positive.

Priority 2	How was the funding Spent?	Cost	Impact of Spending
Maximise the number of both competitive / non-competitive sporting competitions for pupils to take part in.	The funding was used to pay for entry to a number of sporting competitions including: Basketball fixtures, Football Karnival charity donation, Basketball rallies.	£250	Entering paid competitions enabled school to enter a larger number of competitive sporting competitions in addition to free competitions organised by the Nottingham City Sports Partnership.
	Transport to and from competition venues.	£600	This additional funding enabled school to transport pupils safely and promptly to and from sporting competitions. Without this, pupil participation numbers in competitive and non-competitive competitions would have been reduced.
	Venue hire including: Ellis Guilford sports hall hire, Mellish sports hall hire for athletics training for competitions.	£420	Strengthened links with secondary school through use of their sports facilities. This broadened pupil's experience and inspired them to participate in competitions as they moved up to secondary school. Parents & pupils pleased with links created. Without this spending, sporting teams would not have been able to train thus reducing likelihood of success in competitions due to school sports hall being booked for other purposes.

Priority 3	How was the funding Spent?	Cost	Impact of Spending
Provide a broad and varied, high quality PE curriculum for all pupils.	Specialist coaches employed to deliver high quality coaching including: tag rugby, Y2 tennis coach, bike-ability cycling training, Y4 lacrosse, and Y4 & Y5 yoga.	£1,900	Coaches worked alongside teachers to provide high quality PE lessons and planning to develop and enhance teacher's PE knowledge. Pupil's received high quality PE tuition from qualified coaches to facilitate their PE skills development.
	CPD for Specialist PE teacher	£300	CPD enhanced PE Specialist's ability to deliver high quality PE lessons and planning for specialist sessions within the curriculum for Y1 upwards as well as to provide interval CPD for the wider teaching staff, supporting their planning and delivery of a high quality, engaging PE curriculum. Accurate assessment of PE was discussed and will be deployed across the school ready for the academic year 2016 – 2017 to support the development of pupil's PE skills.
	Equipment to support and enhance the quality of teaching and learning for all pupils including: yoga mats, table tennis tables, handballs.	£1500	Improving the quality of existing equipment enabled PE lessons to be taught in a safe environment using age-appropriate, robust equipment. New equipment including yoga mats and table tennis tables enabled a broader range of engaging sports to be undertaken by pupils (due to popular demand by pupils in previous year).

Priority 4	How was the funding Spent?	Cost	Impact of Spending
Promote wellbeing / SMSC values / learning behaviours through the provision of engaging sporting activities/celebrations	Bubble Football experience for Y6	£400	Pupils engaged in a fun and exciting new sport, celebrating the end of KS2 SATs. This proved to be an excellent way to motivate and encourage pupils to focus and demonstrate determination in the build up to SATs tests. Both pupils and parents feedback supported this impact.
	Y2 – Y6 ‘Top 5 Dojo winners’ trip to: Woodside Stables	£750	Pupils were rewarded for achieving Dojo points for demonstrating learning behaviours within school, supporting Priority 3 on the School Development Plan. The top 5 pupils in each class (from Y2 – Y6) were selected to participate in this new sporting activity. Feedback from parents/carers and pupils was extremely positive and strengthened the home/school links through ClassDojo.
	Y2 – Y6 ‘Top 5 Dojo winners’ trip to: Mellish Sports Centre	£240	
	Y2 – Y6 ‘Top 5 Dojo winners’ trip to: Robin Hood Gymnastics	£300	
	Y2 – Y6 ‘Top 5 Dojo winners’ trip to: The Climbing Depot	£550	
	Y2 – Y6 ‘Top 5 Dojo winners’ trip to: Planet Bounce	£450	
	Sports Awards trophies / certificates	£370	Awards celebrated pupil’s achievements in sporting activities across the whole academic year. The awards evening was extremely well attended and developed SMSC aspects of pupil development including self-esteem and teamwork. The evening also inspires younger pupils and strengthens relationships with parents/teachers/governors and the wider community.
		Total: £10,500	

Impact: Increased participation in extra-curricular sporting clubs & competitions

The table below shows the clubs provided at Southwark primary school over the past three academic years. There has been an increase in the number of sporting clubs provided for pupils to attend as well as increased numbers of participation over a three year period.

Southwark Primary School Sports Club Provision & Participation
